CUB (COVERT UNDERAGE BUYER) PROGRAM

In an effort to curb the sale of liquor to underage persons, the Covert Underage Buyer (CUB) program was instituted in June of 2003. This program provides the resources necessary for DLLC to investigate reported complaints of liquor licensed businesses suspected of one or more underage liquor law violations. When DLLC has reasonable suspicion that a liquor-licensed establishment is selling liquor to underage customers, the agency will send in a covert underage buyer, or CUB, to attempt to purchase liquor. The CUBs are between the ages of fifteen (15) and nineteen (19), and are carefully trained by DLLC investigators to understand and follow state laws, including DLLC's CUB investigations guidelines. DLLC provides CUB program training to all Arizona law enforcement agencies, allowing the program to operate statewide.

DLLC conducted investigations of nineteen (19) liquor-licensed establishments using six (6) CUBs. Nine (9), or forty-seven (47.4%) percent, of these establishments sold alcohol to a (CUB) resulting in twenty-six (26) criminal and twenty-two (22) administrative violations. All nineteen (19) locations were investigated in response to complaints received by DLLC.

DLLC saw an increase of eighty (80.0%) percent in the number of establishments that sold to CUBS compared to the previous month, October 2012. To date in CY 2012, thirty-eight (37.5%) percent of establishments investigated sold to CUBs.

Since the inception of the program, three thousand one hundred sixty-eight (3,168) establishments have been investigated and nine hundred seventy-two (972) or thirty-one (30.7%) percent have sold to CUB buyers resulting in two thousand three hundred forty-eight (2,348) administrative violations and one thousand nine hundred fifty-nine (1,959) criminal citations.

LIQUOR ENFORCEMENT & EDUCATION OUTREACH GRANT
TRACE (TARGET RESPONSIBILITY FOR ALCOHOL CONNECTED EMERGENCY)

The TRACE (Target Responsibility for Alcohol Connected Emergency) program began in June 2004 to develop a system of effective and rapid communication between local law enforcement and emergency medical services (EMS), a service providing out-of-hospital acute care and transport), personnel in high-profile cases which involve underage drinking. Each TRACE case is concluded only when the source of liquor is traced back to the supplier and the supplier is charged with a criminal and/or administrative violation.

TRACE is a statewide operation with one (1) full time investigator available for immediate response to alcohol-related emergencies which involve an underage person(s).

SUCCESS STATISTICS LIQUOR LICENSE AUDITS

The Audit Unit monitors and performs audits of two types of liquor-licensed establishments; hotel/motel with restaurant (series 11); and restaurant (series 12). Audits are conducted to ensure that restaurants are not operating as bars and are maintaining a 40:60 food-to-liquor sales ratio which is required by Title 4.

Currently there are one hundred sixty-three (163) active Series 11 (hotel/motel) licenses and three thousand three hundred eleven (3,311) active Series 12 (restaurant) licenses statewide. Compared to November 2011, the number of hotel/motel with restaurant licenses increased by three (3) or two (1.9%) percent and the number of restaurant licenses increased by ninety-three (93) or three (2.9%) percent.

DLLC employs two (2) fulltime auditors. With a total of three thousand four hundred seventy-four (3,474) restaurant-type licenses combined, the statewide auditor-to-liquor license ratio is 1:1,737.

In 2006, A.R.S. §4-213.C introduced the "continuation license" (commonly referred to as the "Grill Bill") into state liquor law. The continuation license, at a cost of \$30,000, allows restaurants that have not met the required 40:60 food-to-liquor sales ratio during the last 12-month period the option of continuing to operate with a food-to-liquor sales ratio below restaurant requirements. Since the 2006 introduction, fees collected from the issuance of fifteen (15) continuation licenses total four hundred fifty thousand (\$450,000) dollars. In FY 2013, thirty thousand (\$30,000) dollars were collected from the issuance of continuation licenses.

The department collected revenue for audit-related violation fines totaling zero (\$0) dollars and audit fines assessed from violations totaled fourteen thousand (\$14,000) dollars. Compared to November 2011, total fines collected decreased by three thousand (\$3,000) dollars.

The Compliance unit is responsible for determining an appropriate course of disciplinary action which may consist of verbal or written warnings, consent agreements, or referral for a full administrative hearing.

Economic Impact:

Fines collected totaled seventeen thousand five hundred seventy-five (\$17,575) dollars from twenty-seven (27) adjudicated compliance actions. Compared to last month, October 2012, this represents a fifty-four (53.5%) percent decrease in collected revenues and a sixteen (15.6%) percent decrease in the number of compliance actions processed. Compared to November 2011, this represents a forty-three (43.1%) percent decrease in collected revenues and a twenty-three (22.9%) percent decrease in the number of compliance actions processed.

A penalty fine payment plan gives licensees the option to pay fines in installments rather than in one lump sum. DLLC and the licensee agree to the terms of the payment plan during a negotiation process. Although the payment plan may reduce DLLC's monthly collection of fine revenues in the short term, the long term outcome is intended to keep establishments in business by easing the financial burden of fines during the current economic decline.

WHAT'S NEXT AT DLLC? Upcoming Events and Milestones

eLicensing

DLLC's eLicensing Information System (ELIS) is being developed in collaboration with ASET and NIC/CAVU-IDS. ELIS, a web-based application, will replace DLLC's sixteen (16) year old licensing system which has served the agency's staff and stakeholders. DLLC continues to perform data conversion.

Proposed Rulemaking

Immediately prior to the January 2008 Regulatory Review Plan Moratorium, DLLC submitted a complete rules rewrite to the Governor's Regulatory Review Counsel. In August 2010, DLLC requested an exemption to the moratorium. In response to that request, the Governor's Office requested that DLLC ensure that no financial burden was imposed on the alcohol beverage industry and there was industry collaboration and support. The department has held several meetings with industry leaders in an effort to solicit comments and input regarding the proposed rules. Since that time, a final version of the proposed rules has been in-process. The department submitted a Notice of Proposed Rulemaking package, including an exemption to the moratorium and industry-members letters of support, to the Governor in February 2012. The proposed rules were filed with the Secretary of State's office and Notice of Proposed Rulemaking was published in the Arizona Administrative Register on November 16, 2012.

NCSLA Western/Central Regional Conference

DLLC hosted the 2012 National Conference of State Liquor Administrators Central/Western Regional Conference in Scottsdale, AZ. The conference was held Thursday, November 1, 2012 through Sunday, November 4, 2012 and attracted over 100 participants from 25 states.
