A.R.S. Section 4-203 (G) provides:

A licensee who holds a license in non-use status more than five months shall be required to pay a one hundred (\$100) dollar surcharge for each month thereafter. The surcharge shall be paid at the time the license is returned to active status. A license automatically reverts to the state after being held in continuous non-use in excess of thirty-six (36) months.

Also, A.R.S. Section 4-203(O) states:

If a licensed location has not been in use for three years, the location must re-qualify for a license.....
(If your license has been in non-use for over three years, you lose the location and must reapply.)

A.R.S. 4-203(N): Failure to pay any surcharge OR Failure to report the period of nonuse of a license shall be grounds for revocation of the license. Your license MUST be renewed when it is in nonuse status. Renewal of your license does NOT place it into use or nonuse. You must use the Department's forms or a personal written request.
